A happy client on his way to his forever home

## The French Connection has wings!

Montréal, the 1st March 2013. Since 2008 the Companion Animal Adoption Centres of Quebec (caacQ) has transferred homeless abandoned dogs to our partners in Toronto. In 2012 more than 290 dogs have been sent by ground transport (<http://www.caacq.ca/fr-french-connection/>).

The absence of low cost spays and neuters clinics ([www.sterilisation.ca](http://www.sterilisation.ca)) in Quebec and the high number of abandoned adoptable dogs creates an overflow of Quebec canines.

The caacQ always seeking innovative and ethical solutions is collaborating with Pilots N Paws Canada ([www.pilotsnpawscanada.com](http://www.pilotsnpawscanada.com)) to transfers by plane these wonderful dogs.

Our first flight transfer will take place this Saturday with Lexus a 2 year old black lab mix is our first passenger

We would like to thank our partner the Toronto Humane Society (THS) ([www.torontohumanesociety.com](http://www.torontohumanesociety.com)) who since 2011 has kindly offered to find new homes for these homeless Quebec dogs.

### Notre mission / Our Mission:

*Réduire le nombre d'animaux de compagnie tués au Québec  
To reduce the number of companion animals killed in Québec*
